

## Booking into Social Tennis Sessions.

We are able to bring back social tennis but as with all other activities it needs to be regulated and controlled. We can only have 16 people arrive for a 2 hour tennis session and you will need to book in to ensure that we do not exceed this number.

This guide will show you how to book yourself in to a Sunday Social using Fastcourts.

### Booking into Social

A new entry has been created in Fastcourts – Sunday Social Tennis Booking - and the best way to find and book is to go directly to that court from the home screen :

So click here ; and you will end up on the booking schedule.

10:40						
10:50						

Check you have the correct date and notice that the slots have a 10 minute interval – **these times are completely irrelevant since you are not booking a time, you are booking to come to the social. You are booking to be there between 10.00 and 12.00.**

All that is important is the number of available slots and if there is a white unbooked slot, there is still room for that day. Choose the next available slot, click on it to get to :

You do not need to add anything into Team 1 or Team 2 since the system knows who you are from when you logged in. So please don't add any players – not even yourself.

Just click  and you will be added to the list for that Sunday Social.

If you change your mind, you can delete yourself in the same manner as deleting a court booking at the moment ; via the small red cross on the booking.

If 2 of you in the same household wish to book on to a social, you will need to log in separately and each perform this routine. Please do not add other players into the same slot. Remember 1 time slot – 1 person.

When all available slots have a name and have turned green, there is no further room at that social.

When you have booked onto one of the slots, please make a note of which of the 16 slots you are in and who booked into the slot immediately before you (as the order of play relies on slot number). If you are first to book on you will be no.1 for that session, second will be no.2.....up to the final player being no.16.

If you book onto a session but cannot attend please cancel the booking. Even at the last minute this allows somebody else to book onto the session.

## At Social Tennis Sessions.

Please arrive just before the start of the session. Potentially there are 16 players entering the club as 16 leave, please be patient and allow players to leave the courts and the club before entering. To be considerate to the other users around the club please queue up by the railings at 2m spacings to allow other pavement users past.

When you enter the club please go directly to your first court position (see order of play). Each court and the waiting area will have 4 players assigned to it. You can arrange the game between the 4 players however you want for a good game. Waiting players please remember to stay socially distanced on the deck area.

If it begins to rain, waiting players can wait on the veranda area facing the timber decking. If rain stops play, players can retire to the verandah, but please maintain a 2m social distance.

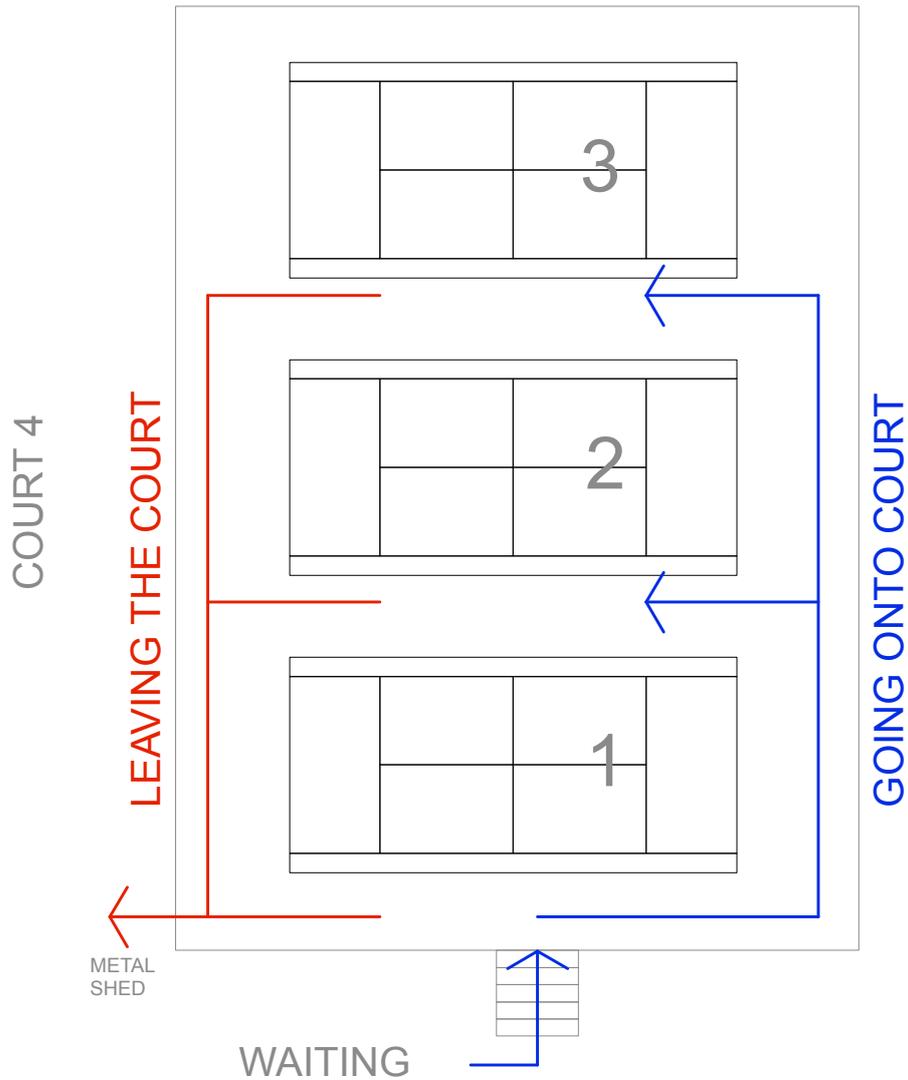

The games are 25 minutes long to allow for 5 minutes to change around. Players waiting off will call time. If time is called during a game, please finish the game with a sudden death deuce. If you do not think the game will finish quickly or you are on the first point – just play out the point and stop.

Please leave the court by exiting by the metal shed and going up the steps towards the pavilion, turning left towards the waiting area on the decking. Waiting and returning players can then go to their next court position (see the order of play) down the steps to court 1.

In the 2 hour session all players will play 3 of the 4, 25 minute games and have one period waiting off.

At the end of the session please leave the courts and the club in a timely manner to allow other members to use the courts after you.
